

Advent eLearning

EASILY ASSIGN BEHAVIOR-CHANGING COURSES

Advent eLearning's diversion and alternative resolution programs are helping individuals fulfill pre-trial or court-ordered requirements to provide a path to rehabilitation while providing efficiencies to the agency

Comprehensive, Flexible Learning Options

Utilized by over 600 agencies nationwide, Advent eLearning offers over 30, evidence-based courses covering topics like anger management, substance abuse, traffic safety, and more. Participants complete courses at their own pace, and in their browser-selected language, ensuring effective learning outcomes. All courses are developed by experts using proven behavior modification methods to promote real, lasting change.

The simple registration process and affordable content gives participants an easy but effective way to fulfill their requirements. By participants choosing to use Advent eLearning's courses, agencies are able to take advantage of built in, free-to-use features that helps track the participants and holds them accountable. Advent's user-friendly web-based solution not only benefits participants but also allows agencies to focus more on their core mission.

Advent eLearning Features:

One Source for All Digital Courses: Over 30 evidence-based, behavior-changing and offense specific, online treatment programs that are self-paced & browser translatable. Also offers Level I & II courses to address severity of offenses.

Refer a Student: Agencies can refer participants to take a specific course. Speeding up the registration process and driving results.

Electronic Notifications: Agencies can receive final completion certificates electronically, ensuring accountability and eliminating excuses.

Automated, Monthly Reporting: Agencies can receive monthly reporting to track how many courses their agency utilized.

Proven Results: Using Advent eLearning programs has shown to lower recidivism rates through evidence-based rehabilitation resulting in lasting positive changes.

Need More?

If your agency needs a platform to automate and manage your entire diversion program and be configured to meet your unique needs, ask about Advent's Diversion Manager or check it out at diversionmanager.com.

Advent eLearning

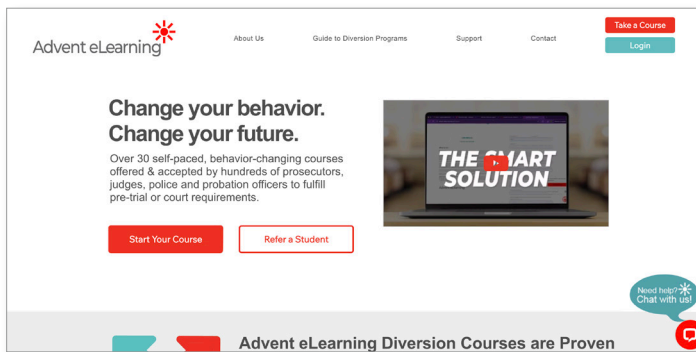

HOW TO ASSIGN COURSES

Assigning high-quality, behavior-changing intervention courses has never been easier—and it's completely free for your agency. With Advent eLearning, the process is fast, straightforward, and highly effective

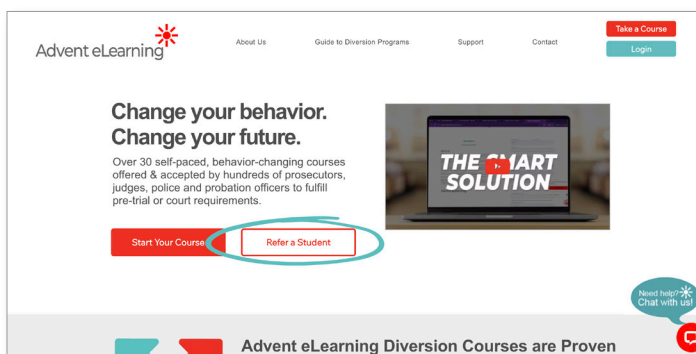

Simple Steps for Referral

Using Advent eLearning's user-friendly registration form, you can refer participants to courses in just minutes. Here's how:

1 Visit the **Advent eLearning** website

2 Click **“Refer a Student”** button on the homepage

3 Fill out the offender's details and select the appropriate course

4 Submit the form

The participant receives a notification and can quickly register, pay a fee online, and begin their course, with no hassle for your agency.

During registration, the participant has the option to enter the agencies email address and certification of successful course completion will be sent to you automatically.
