

VICTIM IMPACT PANEL

ONLINE EDUCATION PROGRAM SPECIFICALLY DESIGNED
FOR ALCOHOL AND SUBSTANCE OFFENSES

COURSE OVERVIEW

The Advent eLearning Victim Impact Panel course is based around the film *Impact: After the Crash*, a documentary about the horrific Carrollton, Kentucky bus crash of 1988. The crash, which killed 27 people (mostly children) and injured nearly 35 others, is still the worst drunk-driving related accident in U.S. history. And participants will hear testimonials from survivors and family members of those that were lost in the accident.

Participant responses are recorded for case worker review, and participants can repeat the video to review materials, if needed. A final review and test over the coursework is included, and participants must achieve a minimum score of 60% or above to pass. This course will take approximately two hours to complete and is written at an 8th-grade reading level.

Translates to Spanish, French, Arabic and any other browser supported languages.

ABOUT THE PLATFORM

Advent eLearning offers over 30 online education courses available through the program management platform—each designed by subject matter experts to address specific criminal behaviors. Courses can be assigned to participants by your organization, or directed to apply to your program online.

The platform includes a full suite of communication tools—mail, email, SMS text messaging—so that you can keep participants on track. You have full auditing capabilities, allowing you to monitor participant progress as well as any action taken by participants or fellow administrative users. The platform's robust suite of reporting tools give you the ability to track the success of your program at all levels. And with the platform's notification center you'll be notified the moment a participant passes or fails an assigned course, and you have immediate access to completion certificates for your records and court files.
